EDUCATION

B.Tech(CSE - AIML)

Aditya College Of Engineering And Technology — 2023 – 2027
CSE- AIML — Surampalem,India

Intermediate

Sri Chaitanya Junior College — 2021 – 2023
Percentage : 66% — Rajahmundry,India

INTERNSHIP EXPERIENCE

- **Application Development Intern – APSSDC** (May 2025 – July 2025) Developed web applications, worked on UI design, debugging, feature implementation, and Git.
- **Generative AI Intern – SkillDzire / APSCHE** (May 2026 – June 2026) Completed a 2-month internship on Generative AI with LLMs, gaining practical exposure to Large Language Models and Generative AI concepts.

SKILLS

Programming Languages
Python, Java(Basic),SQL(Basic)

Web Technologies
HTML, CSS, JavaScript

Tools
VS Code, GitHub, Canva, Figma, MS Office, Google Ai studio

Soft skills
Team work,Time management,communication

PROJECTS

News App – Web Development

Developed a responsive news application to display latest news updates with category-wise filtering; integrated APIs for dynamic content retrieval and implemented an interactive user interface using HTML, CSS, and JavaScript.

Food Ordering Behaviour & Consumer Trends – Tableau

Analyzed food-ordering data to identify consumer preferences, cuisine and meal-type trends, order-value patterns, and city-level insights; developed interactive Tableau dashboards to visualize customer behaviour, ordering patterns, and delivery performance.Data to identify consumer preferences, cuisine and meal-type trends, order-value patterns, and city-level insights

Credit Card Approval Prediction System – Machine Learning

Built an ML-based system to predict credit card approval using applicant financial, demographic, and credit-history data; compared multiple classification models and integrated the selected model into a Flask web application with real-time prediction, risk assessment, batch screening, and EDA dashboards.

CERTIFICATIONS

- **Introduction to Generative AI** – Google Cloud / Simplilearn SkillUp | Sep 2025
- **Mobile App Development using Flutter** – Infosys Springboard | Mar 2026
- **GenAI for Proposal Generation** – Job Simulation – EY / Forage | Oct 2025
- **Advanced Software Engineering** – Job Simulation – Walmart Global Tech / Forage | Sep 2025
